---

This document specifies that all parts and/or assemblies for the equipment referenced above are sold under the manufacturer's warranty.

The above referenced items are to be used according to the manufacturer's directions and ratings. Alco assumes no responsibility for defective parts or assemblies or any costs associated with their repair due to normal use or misuse.

Manufacture's documentation indicate a load test to 1.5 times this component's rating has been done. Material ductility requirements conform to those specified by the American Petroleum Institute's (API) section 8c.

A CAODC Recommended Practice Level IV inspection is typically required after: 6 years.
