EQUIPMENT CERTIFICATION

CUSTOMER:	Caliber Energy Systems Partnership
CUSTOMER EQUIPMENT # :	VR-3241
CUSTOMER RIG # :	N/A
EQUIPMENT DESCRIPTION:	BJ Slip Type Elevator
EQUIPMENT RATING:	MYT 40 Ton (35586-daN)
INSPECTION COMPANY / REPORT #:	Alco / H -16228
ALCO ENGINEERING FILE # :	63271-E
ALCO WORK ORDER # :	63271

This document certifies that all parts and/or assemblies for the equipment listed above, have undergone a Level IV inspection and repair as per Canadian Association of Oilwell Drilling Contractors (CAODC) R.P.4.0.

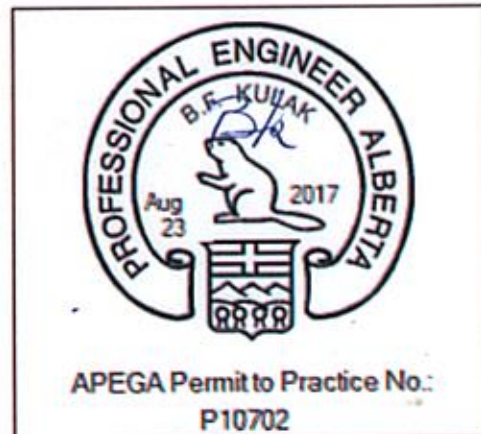

All Engineering, material acceptance, repairs, modifications, dimensional inspections, proof test and non-destructive testing (NDT) were performed, or approved by Alco Inc. qualified personnel.

The equipment may be returned to service at the referenced equipment rating.

This certification is valid for a period of 6 years from the date indicated on the Engineer's stamp shown below, or until such time that the equipment has been damaged either as a result of operation, transportation or handling.

Brian Kulak, P.Eng
Sr. Engineer
